

INDIAN INDUSTRIES ASSOCIATION

AN APEX BODY OF MICRO, SMALL & MEDIUM ENTERPRISES

(IN THE SERVICE OF MSME SINCE 1985)

Ref. No. 3/IID/0028

16th Jun, 2017

To,

Shri Alok Sinha I.A.S
Principal Secretary
Infrastructure & Industrial Development
Govt. of Uttar Pradesh.

Subject: Feedback and suggestions of Indian Industries Association on Draft Industrial Investment & Employment Promotion Policy of Uttar Pradesh-2017.

Dear Sir,

Indian Industries Association (IIA) the biggest Industry Association in U.P having more than 7000 industry members congratulate you and your department for producing a document that covers a wide range of topics aimed at industrial development of the state.

There are quite a few bold thoughts giving us inkling of the government's mind and hope of a brighter future for those involved in industrial activity in the state. We also believe that the policy may enthuse more prospective investors to set up shop in UP

IIA has always been known as a body possessing a thinking leadership. Naturally their view differs with the content of the policy at places. We have also felt a lack of clarity in the presentation at other places. These have been pointed out with the idea of turning the document into a tighter and crispier one, provided of course you agree with our contentions.

There are some basic differences in approach to some important issues which according to us need greater attention and discussions.

Before, IIA arrived at the conclusions and our feedback / suggestions a comprehensive study of the best practices and policies in other progressive states was conducted involving Thinkers & Entrepreneurs from diverse industrial sectors within IIA and Experts from outside.

As such, we are submitting you the following three documents for your reference and consideration of IIA's feedback & suggestions:

1. INDUSTRIAL DEVELOPMENT IN U.P- AN APPRAISAL & SUGGESTIONS FOR NEW INDUSTRIAL POLICY OF UTTAR PRADESH
2. CLAUSE WISE COMMENTS/SUGGESTIONS ON DRAFT INDUSTRIAL POLICY 2017 (COMMENTARY ON DRAFT INDUSTRIAL POLICY-2017)

INDIAN INDUSTRIES ASSOCIATION

AN APEX BODY OF MICRO, SMALL & MEDIUM ENTERPRISES

(IN THE SERVICE OF MSME SINCE 1985)

3. POLICY WHITE PAPER – Research based recommendations for relevant Policy Provisions pertaining to MSME Enterprises in Uttar Pradesh, based on a comprehensive analysis of best policies and practices across various states in India.

We are available to clarify and elaborate on our views if required not only in formulating the policy but more so in strategizing its implementation which we consider to be the crux.

Thanks

Manish Goel
President
